EDUCATION

Bina Nusantara University   **Sep 2021 - Present**
Bachelor Degree in Information Systems and Management
- cGPA: 3.63 / 4.00
- Relevant Coursework: Business Application Development, UX Research and Design, Data and Information Management, Testing and System Implementation, Web Design, and Mobile Object Oriented Programming.

WORK EXPERIENCE

PT. HM Sampoerna Tbk. (Philip Morris Int.)   **Feb 2025 - Present**
Software Engineer Intern
- Successfully contributed to the deployment of 20+ tickets across various project phases, including stories, tasks, bugs, and automations.
- Achieved approximately 31% manday absorption on assigned tasks, indicating efficient time management and a strong ability to contribute meaningfully within allocated resources.
- Contributed to cost efficiencies estimated at $5.500 reduction in 3 sprints.

Exalter Students   **Mar 2024 - Jun 2024**
Web Developer Intern
- Collaborated within a team of 3 using GitHub, achieving a 30% reduction in development time by streamlining workflow processes with Git.
- Led the design of the Exalter Students company profile website, contributing to 75% of the overall visual and functional layout.
- Developed and implemented 4 key pages for the Inventify Center event website utilizing TypeScript, Next.js, and Tailwind CSS.

ORGANIZATIONAL EXPERIENCE

Bina Nusantara University   **Jul 2024 - Nov 2024**
Graduation Committee
- Contributed to the execution of the 69th and 70th graduation ceremony for 4000+ graduates.

Google Developer Student Club   **Oct 2023 - Oct 2024**
Web Development Course Member
- Completed a full web development roadmap across four key areas, accomplishing 15+ tasks.

Bina Nusantara Computer Club   **Oct 2021 - Oct 2023**
Activist
- Actively participated in 4 national-scale events with 3000+ participants, serving as the Event Committee and Master of Ceremonies (MC).

Member
- Worked in several programming cases that utilized Java Programming, Front-end Development, and Back-end Development, resulting in 3 completed projects which can be used in real business cases.

PROJECT

Task Ease   **Jul 2024 - Aug 2024**
https://taskease-todo.vercel.app/

- Programmed a comprehensive task management utilizing TypeScript, Next.js, and Tailwind CSS.
- Created a database model, integrating mapping tools with Prisma and data handler with SQLite and Turso.
- Integrated traditional authentication and page authorization using NextAuth.js, with enhanced password security through Bcrypt.js hashing.

Movie Peek   **May 2024 - Jun 2024**

https://movie-peek.vercel.app/

- Developed a dynamic movie database website leveraging the TMDb API, utilizing JavaScript, Next.js, and Tailwind CSS.
- Developed a scalable database model, integrating mapping tools with Prisma and data handler with MySQL and Aiven.
- Implemented Google authentication and page authorization access with NextAuth.js.

SKILL

Technical Skill:
- **Languages:** HTML, CSS, JavaScript, TypeScript, Java, SQL, YAML, Gherkin
- **Libraries/Frameworks:** React, Next.js, Angular, Tailwind CSS, DaisyUI, Material UI, Bootstrap, Swagger
- **Tools:** Visual Studio Code, Figma, Eclipse, Postman, Github, Git, Turso, Prisma, PhpMyAdmin, Jira, Bitbucket, Jenkins

Soft Skill: Problem Solving, Critical Thinking, Public Speaking, Teamwork, and Adaptability

Language: Bahasa Indonesia (Native), English (Full Professional)

ACHIEVEMENT

Exalter Students   **Jun 2024**

Best Intern Award
- Recognized as one of the best interns out of 30 candidates, representing the Website Development Division.

CERTIFICATE

Alibaba Cloud

Certified Developer   **Jul 2024**

Himpunan Mahasiswa Teknik Informatika Gunadarma

INFINITY 2.0 Front-end WebDev Competition   **Mar 2024**

FreeCodeCamp

JavaScript Algorithms and Data Structures   **Jan 2024**

Responsive Web Design   **Sep 2023**

Sololearn

JavaScript Intermediate   **Dec 2023**

Introduction to JavaScript   **Dec 2023**

Web Development   **Dec 2023**
